RE: PARKING SPACE PASS - EXTENSION

I want to thank you for granting us the two Medical Parking Passes allowing our patients to park anywhere on our street for 3 hours. They have been such a great help to our practice and our patients.

We still have our strict COVID-19 protocol in place with no reception area to limit the number of patients coming in and out, and patients remaining in their car until we are ready to take them in. The parking passes are extremely helpful in this case. It is especially helpful for our senior patients that may have to park far from the practice. It has also helped with patients that have lengthy appointments. Our patients are so grateful to us and to the Town of Winchester for recognizing a problem and finding a fix!

Since the passes expired December 31, 2020, I would like to request an extension if possible. I was hoping until end of June 2021. COVID is not going away anytime soon and now we are anticipating the new variant since two cases have been diagnosed in Massachusetts. We will continue our strict protocol to protect the health of our patients and staff. Extending the Medical Parking Passes will allow us to continue with our protocol and help our patients with parking without fear of a ticket or being towed.

Your consideration in this matter is greatly appreciated.
