Dear Select Board,

We at First Congregational Church are hoping to use the Town Common on Sunday morning April 10th for a Palm Sunday Celebration. We have done this regularly in previous years prior to the pandemic, joining with a few other town churches to bless the palms out there. This year we are making the gathering a little longer and more involved with music and microphones and a palm procession around the common. As we've done with the Animal Blessings and the Christmas Pageant recently, we thought we should ask your permission to ensure our plan won't conflict with others. We would be there from about 9am to 10am with the Palm Celebration happening from 9:15-9:45am and then move into our own church for our main worship service that morning. Thanks for taking this into consideration.

Blessings,

Rev. Will Burhans
Lead Pastor of First Congregational Church
