Re: MWRA Annual Maintenance Program

Dear Mr. Gill:

The MWRA's Metropolitan Operations is continuing its FY 2019 Valve Exercising Program. This maintenance program includes the exercising of main lines, blow offs, and air valves along our pipeline sections. Excavation of paved surfaces will not be necessary for this program.

During the month of **December 2018** MWRA personnel will perform the above referenced maintenance work on various MWRA water mains including MWRA Section 89C. Valves located on single spine mains will be exercised partially closed and then fully opened. At no time will we fully close valves along single spine pipelines. This work may create discolored water and is not expected to cause any pressure losses at the meter listed below. Discolored water may be anticipated for three days after the work is completed.

<u>METER</u>	<u>LOCATION</u>	<u>PRESURE LOSSES/ DISCOLORED WATER</u>

Upon your request and prior to beginning the program, the Authority's Public Affairs Section will use the appropriate media to notify the general public. If there is a specific media entity that you feel should be contacted, please call Jeffrey McLaughlin at 617-305-5762, or Ria Convery at 617-788-1105.

Also, prior to beginning the work, the Authority's Operations Section will call you on the day the work begins and follow up until it is completed.

If you have any questions or comments, please do not hesitate to contact me directly at 617-305-5694. Again, we will strive to work closely with you so as to minimize the disruption to the public's water supply.

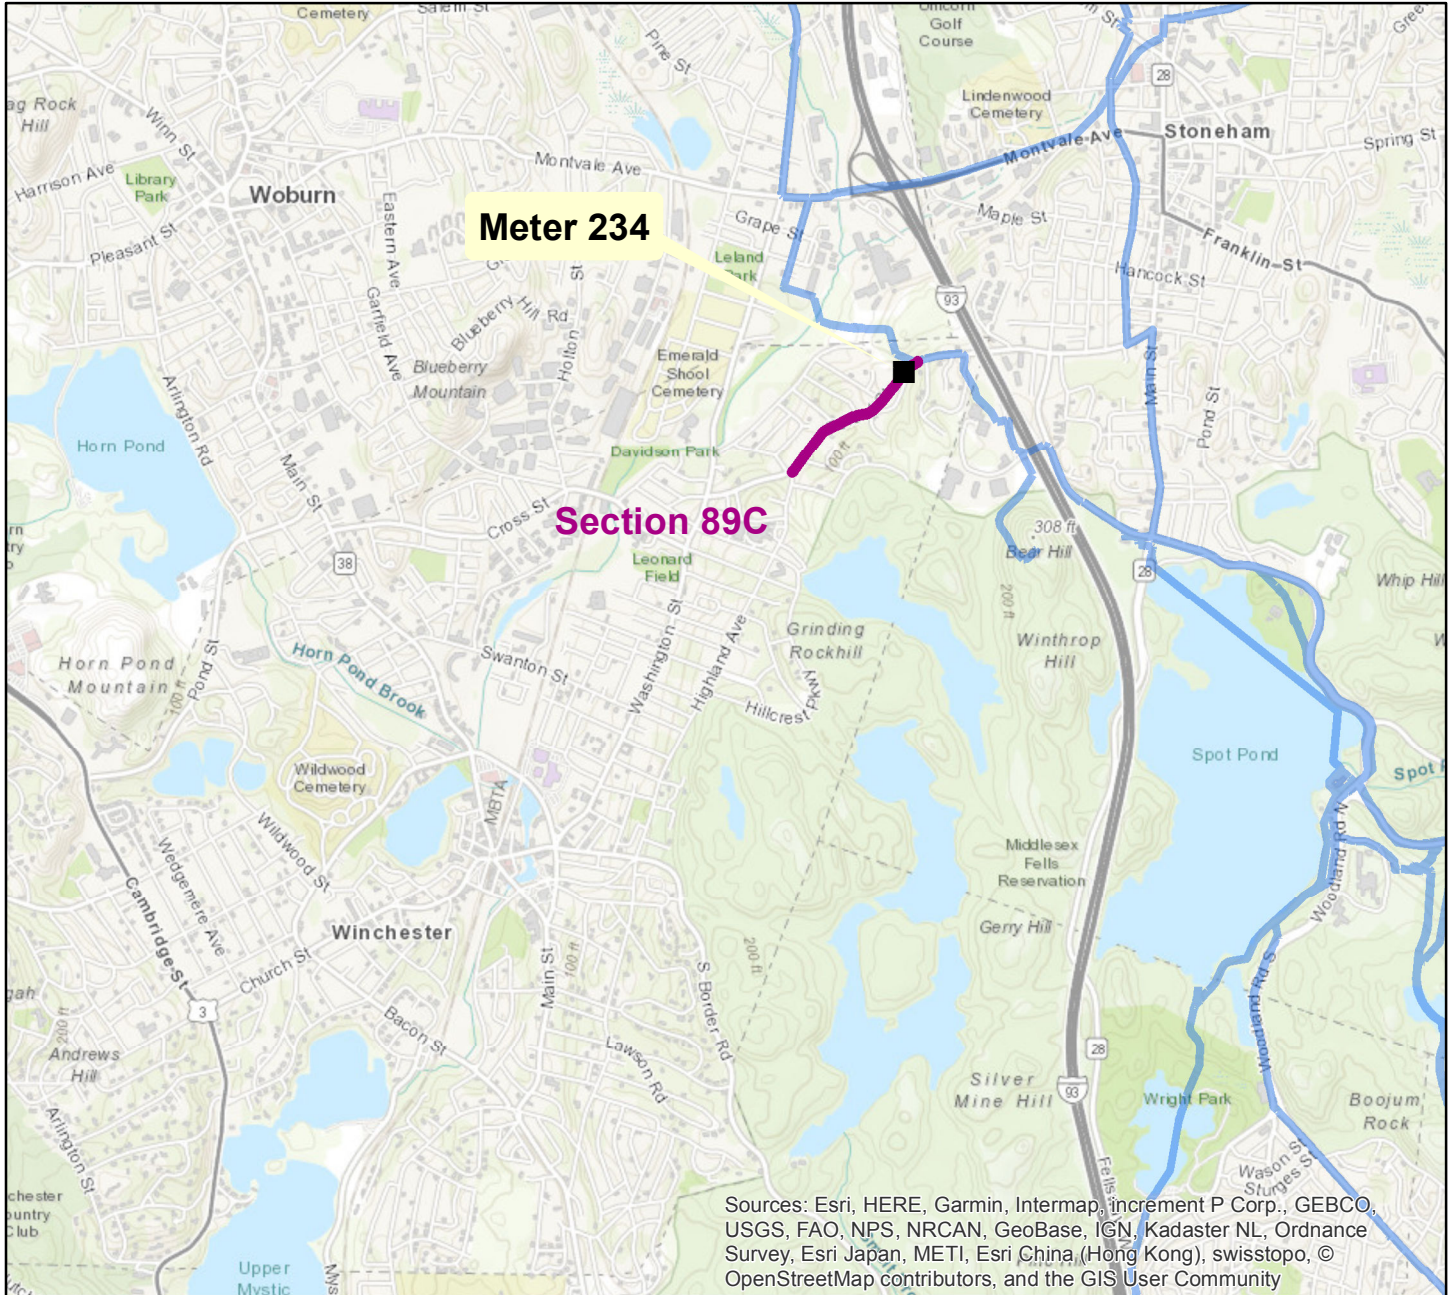

Yours truly,

Douglas Kempe
Senior Engineer
