

Winchester Board of Health Town Meeting 2022

Board of Health

Maureen Pimentel, CPNP
Greg Sawicki, M.D., Vice-Chair
Ruth Trimarchi, Chair

Attendees at the Winchester Spring Town Meeting 2022 are required to wear a mask while inside the building, per “COVID-19 Public Health Emergency Regulation of the Winchester Board of Health”.

Additionally, the Board of Health strongly recommends that Town Meeting attendees take the following COVID mitigation strategies to reduce health risks to the Winchester community for the in-person Spring 2022 Town Meeting:

1. Get vaccinated/boosted
2. Test with a rapid antigen test each day of Town Meeting, as close as possible to the time Town Meeting starts. If positive, follow [State isolation and quarantine guidelines](#) and remain home
3. The Board of Health recommends that you stay home if symptomatic
4. Distance from others as much as possible while seated or speaking
